

Volunteer Drivers Urgently Needed!

Each week more than 100 homebound older adults call The Shepherd's Center to schedule a ride to a medical appointment or grocery shopping. We need YOUR help getting them there!

Our volunteer drivers and riders enjoy interacting with each other and some build relationships that last years. For some of our riders, our drivers are

the only people they've seen in days. Our drivers are appreciated, by our staff, the riders and their families.

Other factors that help making volunteer driving a rewarding experience include:

- **CHOICE:** You choose how often and how far you would like to drive.
- **FLEXIBILITY:** You can schedule volunteering around your own schedule.
- **CONVENIENCE:** You can choose your rides using our Ride Scheduler online sign up system, BUT if you're not comfortable with the computer aspect, our friendly office staff will schedule for you by phone.
- **SUPPORT:** We provide quarterly mileage reimbursement & supplemental insurance.
- **SAFETY:** We've taken precautions to protect our drivers and riders from COVID-19.
- **COMMUNITY:** The Shepherd's Center provides support, recognition and opportunities to socialize with other volunteers.

Would you like to join our team? Do you have questions?
